

MOSES LAKE CLASSIC CAR CLUB

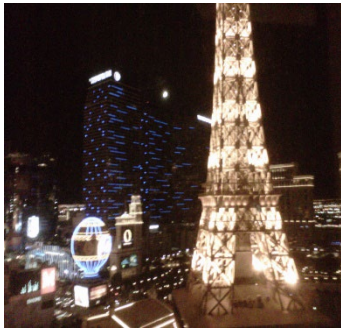

Continuing to Celebrate our 50th Year Anniversary

President's Corner

~ ~ ~ ~ ~ Dave Robins ~ ~ ~ July 28th, 2024

"Greetings MLCCC Members and friends" ! Trust you are all out and cruising your Classic Rides in our "Choose to Cruise" Season of Club life: Designed to give us a great opportunity to let the "Ponies" run. June 1st through Oct 31st each year with NO Formal General Club Meetings to slow us down. Of course we all know that from those days of our Horseless Carriage name, that our modern "Ponies" translates to this "Gas Engine" thing called "Horse Power" // Torque // Petro Fossil Fuel Enhancements // Electric // Hydrogen // Propane Powered // Fuel Cells // now, these modern "Pony Pusher" are driving themselves "Autonomously" ???

Yep! Just program for anyplace and it will find its way ~ ~ set back ~ relax ~ (as much as you can ~ but pay attention to what it's doing) knowing it will get you to your destination safely, all things considered. **Whew!**

Now with the 128th Summer Olympic Games in "FULL MOTION" ((Yes ~ a little pun humor ~ Get it ??)) That means that from our club's birthdate 1974 ~ ~ 13 Summer Game Olympics cycles have now come and gone. Why did I articulate that side note ?? Well, I'm not really sure ? However, it does make a person reflect back on all blessings received through long time friendships // perhaps the many cars we wish we would have kept. ?????

So, in **JULY** I've done my share of "Pounding the pavement", "Yes, I'm keeping my "Milage Log" for turn in at our December General Meeting so, our Events Chairman & Team" can/will Calculate Clubs combined **Total Miles Driven in 2024**". Question: "Are you still keeping yours up to speed" ?? If not, **Get-er-Done** by cruising back through your 2024 calendars ~ ~ I call it "Mind Cruising", just to relive those great moments realized of blessed moments in time. **"Big Smile of Gratitude"** **NOTE: The Duck has been traveling TOO!**

(Continued)

Now, here we are in the last waning days of **JULY** and mid-way through our long and very, **VERY**, can I say it again *Sam?* “**VERY Hot History Popping Record-Breaking Days of Summer 2024**”. I recorded 108* degrees living out here on Moses Lake Classic Golf Club's 15 Fairway / Green. “*Yep*”, we all survived as I'm told all of you have weathered it well also. We're Blessed aren't we boys and girls. Sounds like we still have more of that coming through again in August. **Be prepared!**

Here's your chance to be COOL” for genuine reasons, but now a “REALLY ~ REALLY COOL” reason!

JULY also found us saying goodbye to our long-time past member with fond memorials at Lake side, on a very -very hot day. *Clay Crook's* friends and family gathered in His honor as Karen and Daughters welcomed us all in grand style. Hold tight to memories of their cruising days with Horseless Carriage Car Club // Moses Lake Classic Car Club (Since 1983 for 41 years).

JULY also found us unexpectedly throwing a Farewell Party to our Good Friends and fun members since 2021. *Charlie Green* served as MLCCC's Vice president from 2021 until their July departure. “*Say What*”? of course he took his bride with him! *Vicki Green* served as MLCCC's very capable Secretary since stepping forward to take a vacated position, now for the last 2 years. 26 gathered to share BBQ // memories // wish them **GOD SPEED!** (Bridgeport, West Virginia).

JULY also found a lot of you (us) “Rolling the Tires // Flexing the ponies // Packing those great Car Snacks // Water Bottles // Suite Cases and Duffle Bags // you know the routine. And as always, keeping that *Classic Ride* ready for your next MLCCC PLANNED EVENT (or) your next “Choose = To Cruise = Events journey . I'm hearing good things about our “SHOWING” and Hardware collection. Be sure you keep MLCCC's Web Master (Paul) busy with your POST EVENT REPORTING. (RE: Name of event // Date of event // Details of event photos // Hardware received for your effort.

Send to: info@moseslakeclassiccarclub.com ~ ~ MLCCC's First line of Communication

“Keep up the Great Cruising Team”

Thanks for your interest and excitement of MLCCC.

“ Dave ”
