### MLCCC GOES INTO ACTION BY SUPPORTING ANOTHER COMMUNITY EVENT

#### *This Time*

### 27<sup>TH</sup> ANNUAL HOLIDAY LIGHTED AGRICULTURAL APPRECIATION PARADE

**“Dang right it was a very – very – very cold cruise! .. Who’s idea was this anyway?”**

Moses Lake Classic Car Club BOD members are always looking for ways to lend our support of long standing community events . The thought of being visible with our beloved product ( Classic Cars / trucks / Motorcycles / Farm Tractors ) for visual advertising values of MLCCC’s social outreach . Our product and passion is a natural draw / crowd pleaser / always puts smiles on faces ( Ours of course and those who come to see the event ) . We foster good will and memory lane flash backs of By-Gone Days that sped by much to fast. In this way MLCCC can and does add our support to those community events as we enjoy them ourselves.

**SO THIS ANNUAL EVENT WAS A NATURAL FOR MLCCC .** MLCCC EXECUTIVE BOD began to explore what being part this INVITATION would require .. **“YES DOABLE”** .. plans / people / resources made ready as the unit went quickly together ( Including going green to power our lighting and blow up’s ) **Good to go!**

**Fast Track Forward : OPSS!** what is all of this white stuff now on the ground? Our first big stickable snow fall of about 6” inches. Registered with Parade Sponsor ( **DOWNTOWN MOESLAKE ASSOCIATION** ) **“YES”** the Parade Event is still scheduled for go - no matter what the weather throws at us! **MLCCC - “YES” – we’ll be ready!** On a 16\* Degree evening at parade start time we proceeded to put **MLCCC’s Unit # 404** into full motion. Complete with seven of our vehicles all decked out for the Christmas Holiday Season . Lots of lights on lead car / MMLCCC Banner truck / 8’ foot Tall Snowperson / Model “A” Ford Pickup / Tow – Mater / 8’ Foot Tall Christmas Tree / Lots more seasonal lights on final package wrapped car.

As always in Moses Lake, the parade viewers showed up in grand style and lined themselves up along the one mile winding parade route . Lots of candy tossed along the way for the little ones to scurry after. MLCCC’s Pre-Parade Preparation took a lot longer than the actual parade route to run itself of about 40 Mins. Please enjoy the Staging Area photos attached in recall of this memorable very cold evening in our home town, Moses Lake, Washington, USA.

---

**“BIG Thanks to all who were determined and did join in to make this MLCCC BOD Sanctioned “Winter Cruise” Community Support Fun / Memorable and Successful.**

---

If by chance, or by personal planning you opted to brave the weather .. picked your viewing point along the parade route, **“Thank You”** for that as well. If you took any photos of MLCCC’s Unit passing by, please send them on to Paul for our website consideration . Trust your Thanksgiving **“served you well”** and we are now looking forward to the Regular December 8<sup>th</sup>, MLCCC festive meeting . *( Always View Web Site / E-Mails )*

**Blessings : Dave, your Board of directors and advisors.**
