We put on a lot of *Great Cruising Miles* // *Collected our share of awards* and recognition in appreciation of our passion called “ **Classic Cars**”. We greeted new members among our ranks as well. If you are one of those : *Again, Welcome!* We celebrated mile points in each of our lives with birthdays and anniversaries, most of all we continued // renewed // found brand new friendships that we collectively developed. Looking in our “**REAR VIEW MIRROR FLASHBACK**”; Let's call it: Post COVID memorable for sure, reminiscing through a lot of cherished reasons why it was? Also remembering our members passing . Now looking ahead to the NEW YEAR 2023 .. time to get on that winter project you've been putting off on the “**Old Classics**” and look forward to our “**DUST-EM-OFF SPRING CRUISE**”. “**YEP**” .. First day of Spring is only ninety four (94 Days) away .. GET – EM – READY! TUNE EM UP Hope we can still buy Gasoline?
