FROM THE BOD & ADVISORS : We've been working on this 2024 Event as carry over from MLCCC's Community Support Event of 2023, *deemed*, *very successful*. With the proceeds of that event, we chose to participate in local chapter of “YOUTH DYNAMICS” and their KITCHEN IMPROVEMENT PROJECT. In an open house of their downtown Moses Lake facility, we presented them with \$ 1,111.00 towards the completion, and later got to tour their Beautiful // Functional // Open Space // w/ Modern Commercial Appliances in full operation. (Let's do it again ?) Now in 2024, we've designated our proceeds again to MOSES LAKE YOUTH DYNAMICS ~ TECH LOFT PROJECT. By improving this LOFT PORTION of their facility, they'll be providing modern technology. Computers to assist those in school curriculum help studies // gaming // Power Point projects for teaching and learning // Art // Etc. Again, joining Moses Lake Downtown business groups as we reach out to the *youth at risk in our community*.
