Car of the Month

February 2018 Car of the Month

Clay Crook - 1959 Ford Four Door

Clay Crook - 1959 Ford Four Door.

A sad 1959 Ford speaking,

"I am a 1959 Ford 4 door car with a 292 cu V-8 and a 3 speed stick with overdrive transmission which my driver bought in October of 1973.

I was his personal car until 1993 when my engine needed to be overhauled and he was too lazy to do that so he bought another car.

We used to take trips together with the family pulling a 1969 Jolly Roger boat, which was parked in front of me until last summer.

Where is my boat friend?

So here I sit, in his shop with all the other cars and wonder if he is ever going to rebuild my engine."
