December 2016 Car of the Month

Andy and Marcie Ostenbergs 1956 Chevy 210 Handyman [Edit picture](#)

## Andy and Marcie Ostenberg's 1956 Chevy 210 Handyman

We purchased this 56 as a western Washington *Rustoration* project in 1991. After 13 years of it being a family effort driveway frame off - that we did all on our own (with the exception of paint) we finally finished the car. The goal was a mid 70s hot rod and I think we nailed it. Since 2004 we have had lots of miles of cruzin, rodding and showing fun in the wagon and met some great people along the way! We look forward to seeing all the great toys out there on the next warm sunny day!
